Consumer Information

Frontal Passenger : ****

Side Driver : No Test

Side Rear Passenger : No Test

Crash Test Note : Results based on a 35 MPH frontal crash and 38.5 MPH
side crash. Results are reported in a range of one to five stars, with five
stars indicating the best crash protection for vehicles within the same
weight class. This test used driver and passenger belts and airbags.

NHTSA Rollover Rating : ****

Rollover Note : The Rollover Resistance Rating is an estimate of your risk
of rolling over if you have a single vehicle crash. It does not predict the
likelihood of that crash. The Rollover Resistance Rating utilizes a "fishhook"
maneuver which is a series of abrupt turns at varying speeds to see how

"top-heavy" a vehicle is. The more "top-heavy" the vehicle, the more likely it is to roll over. The lowest rated vehicles (1-star) are at least four times more likely to roll over than the highest rated vehicles (5-stars).

Basic Years : 3

Basic Miles/km : 36,000

Drivetrain Years : 3

Drivetrain Miles/km : 36,000

Drivetrain Note : Unlimited Years/Unlimited Miles on vehicles sold after 07/26/2007
